This is a guarantee provided by your own Bank as a Member of the Direct Debit Scheme, in which Banks and Originators of Direct Debits participate.
 If you authorise payment by Direct Debit, then: Your Direct Debit Originator will notify you in advance of the amounts to be debited to your account.
 Your Bank will accept and pay such debits, provided that your account has sufficient available funds.
 If it is established that an unauthorised Direct Debit was charged to your account, you are guaranteed an immediate refund by your Bank of the amount so charged where you notify your bank without undue delay on becoming aware of

the unauthorised Direct Debit, and in any event no later than 13 months after the date of debiting of such Direct Debit to your account.
 You are entitled to request a refund of any Variable Direct Debit the amount of which exceeded what you could have reasonably expected, subject to you so requesting your Bank within a period of 8 weeks from the date of debiting of such Direct Debit to your account.
 You can instruct your Bank to refuse a Direct Debit payment by writing in good time to your Bank.
 You can cancel the Direct Debit Instruction by writing in good time to your Bank.

PLEASE RETURN IN AN ENVELOPE TO:
 THE IRISH HEART FOUNDATION,
 4 CLYDE ROAD, BALLSBRIDGE, DUBLIN 4

Supported by The Irish Sports Council and the HSE

Let's Go Walking...

Here are a few useful tips to enjoy your walk and keep your heart healthy.

- If you're not in the habit of taking regular exercise, start slowly, enjoy being out and about and gradually build up to the recommended 30 minutes a day.
- Drink a glass of water before and after your walk and don't forget, wear good, comfortable shoes.
- Gradually warm up at the beginning and cool down towards the end.
- Loose clothing is more comfortable and in winter choose layers rather than thick, chunky clothes.
- Try to incorporate walking into your daily activities. Walk to work, to meetings or the shops. The list is endless.
- If you have a history of heart trouble or other significant medical illness, talk to your doctor before you start. Stop if you experience unusual symptoms such as chest pain, dizziness or breathlessness and consult your doctor.

- Why not invite your friends, family or work colleagues to join you when you go walking.
- Now that you are a regular walker, get fitter and be active for at least 60 minutes a day.

Slí na Sláinte

A regular programme of walking...

- Keeps your heart strong
- Improves muscle strength
- Helps to manage your weight
- Makes you feel good

...but above all walking is fun!

Physical Activity

- Reduces risk for several chronic diseases including heart disease, stroke, high blood pressure, osteoporosis, anxiety and depression.
- For health benefits you need to walk for at least 30 minutes 5 days of the week. You can accumulate the 30 minutes or more over 2 or 3 shorter sessions a day for optimum health benefits.

Let's Go Walking...

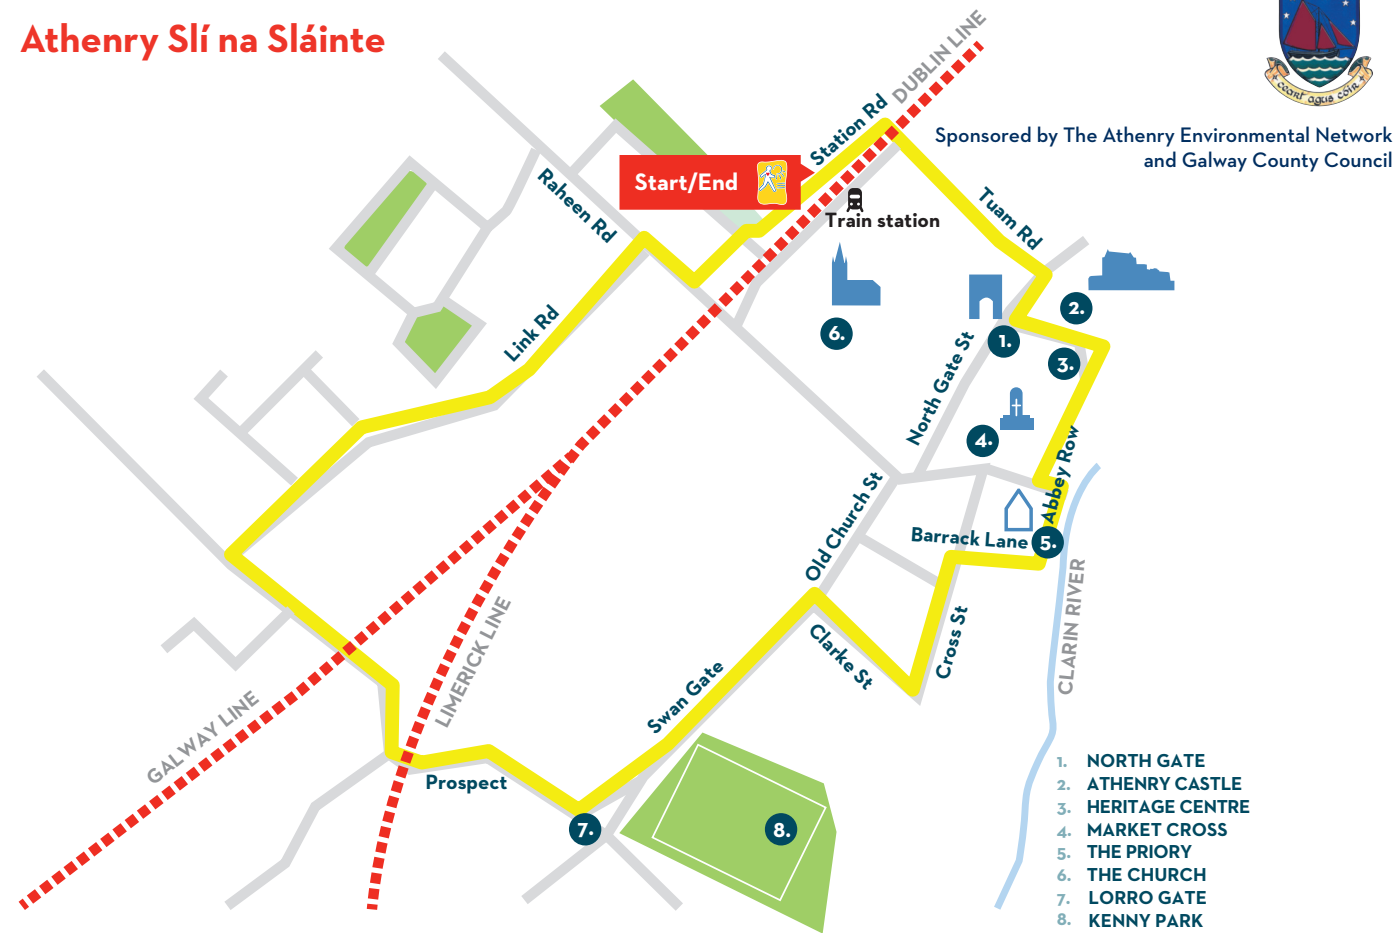

Slí na Sláinte

Athenry

Sponsored by The Athenry Environmental Network and Galway County Council

Athenry Slí na Sláinte

Athenry Slí na Sláinte 2.7km

The Slí na Sláinte route starts at the Athenry train station and proceeds south along Station road, turning right onto the Raheen road and then left along the new link road. The route then turns left along Prospect heading back towards the town. The path first crosses the Galway railway line and then over the Limerick railway line at the railway bridge at Prospect. Take a left turn at Lorro Gate, which is the ruins of one of the old gates of Athenry town, and along Swan Gate, passing Kenny park GAA pitch on your right. Turn right at the public library onto Clarke Street and then onto Cross Street.

The route turns right down Barrack Lane, over the Clarin River and then left into Abbey Row, past the handball alley and the ruins of the Dominican Prioory which are on the right hand side. Follow the route across Bridge Street, turning right at the Post Office and along Court Lane where you will see the 13th century Athenry Castle on the right hand side and the Athenry Heritage centre on the left. The road veers to the left and then passes the town's historic North Gate on the left-hand side. Take a left at the Presentation school and follow the Tuam road. Take the steps down on the left hand side, after the Dublin railway line back to the starting point on station road.

The Irish Heart Foundation

The Irish Heart Foundation is the national charity fighting heart disease and stroke. We support, educate and train people to save lives, campaign for patients, promote positive health, support research and provide vital public information. We need your support, through donations, as a volunteer or on our training courses.

Slí na Sláinte

Slí na Sláinte stands for 'path to health'. Developed by the Irish Heart Foundation — the national heart and stroke charity — it's a sociable way to make walking far more enjoyable. Already, it's capturing the attention of young and old, not only in Ireland but in Europe and other parts of the world too! And no wonder, because it's a fun, healthy way for the average adult to accumulate the recommended minimum of thirty minutes of physical activity 5 days of the week. You'll find Slí na Sláinte walking routes all over Ireland. They are marked by bright colourful signposts which are not numbered and are situated at 1km intervals. Simply follow the km signs, set your pace to suit your enjoyment and you'll quickly feel better and get fitter. You will also experience a great sense of achievement.
