This is a guarantee provided by your own Bank as a Member of the Direct Debit Scheme, in which Banks and Originators of Direct Debits participate.

If you authorise payment by Direct Debit, then:
 Your Direct Debit Originator will notify you in advance of the amounts to be debited to your account.
 Your Bank will accept and pay such debits, provided that your account has sufficient available funds.

If it is established that an unauthorised Direct Debit was charged to your account, you are guaranteed an immediate refund by your Bank of the amount so charged where you notify your bank without undue delay on becoming aware of the unauthorised Direct Debit, and in any event no later than 13 months after the date of debiting of such Direct Debit to your account.

You are entitled to request a refund of any Variable Direct Debit the amount of which exceeded what you could have reasonably expected, subject to you so requesting your Bank within a period of 8 weeks from the date of debiting of such Direct Debit to your account.

You can instruct your Bank to refuse a Direct Debit payment by writing in good time to your Bank.
 You can cancel the Direct Debit Instruction by writing in good time to your Bank.

PLEASE RETURN IN AN ENVELOPE TO:
 THE IRISH HEART FOUNDATION,
 50 RINGSEND ROAD, DUBLIN 4

Let's Go Walking...

Here are a few useful tips to enjoy your walk and keep your heart healthy.

- If you're not in the habit of taking regular exercise, start slowly, enjoy being out and about and gradually build up to the recommended 30 minutes a day.
- Drink a glass of water before and after your walk and don't forget, wear good, comfortable shoes.
- Gradually warm up at the beginning and cool down towards the end.
- Loose clothing is more comfortable and in winter choose layers rather than thick, chunky clothes.
- Try to incorporate walking into your daily activities. Walk to work, to meetings or the shops. The list is endless.
- If you have a history of heart trouble or other significant medical illness, talk to your doctor before you start. Stop if you experience unusual symptoms such as chest pain, dizziness or breathlessness and consult your doctor.
- Why not invite your friends, family or work colleagues to join you when you go walking.
- Now that you are a regular walker, get fitter and be active for at least 60 minutes a day.

Supported by The Irish Sports Council and the HSE

Slí na Sláinte

A regular programme of walking...

- Keeps your heart strong
- Improves muscle strength
- Helps to manage your weight
- Makes you feel good

...but above all walking is fun!

Physical Activity

- Reduces risk for several chronic diseases including heart disease, stroke, high blood pressure, osteoporosis, anxiety and depression.
- For health benefits you need to walk for at least 30 minutes 5 days of the week. You can accumulate the 30 minutes or more over 2 or 3 shorter sessions a day for optimum health benefits.

Let's Go Walking...

Slí na Sláinte

Glenamaddy Slí na Sláinte

Supported by Galway County Council and
 Glenamaddy Town Enhancement Committee.

Glenamaddy Slí na Sláinte 2.5km (5km Return)

The Glenamaddy Slí na Sláinte is 2.5km (5km return) in length. This is a scenic rural area that includes many historical and recreational sites. Beginning at the square you proceed out Creggs Road taking the footpath to the left. Here you will view the Gerry Mee Memorial Plaque. (At the back of the tripod is the little Market House which held weights for the scales, to weigh potatoes grain and fowl from the Work House).

Continuing on you will pass St. Brigid's Town Hall, built in 1909 which has been restored to include a Theatre, Library and Heritage Centre. Next door is the Community Centre/Day Care Centre. Further down this path you will also pass the local GAA Grounds.

Then take the first left turn towards Mountkelly. From this point you will see the Turlough full with wildlife with its lovely viewing bay and picnic area. On the left is the ruins of the old work house and burial ground. Now follow the official route, and you will see on your left the remains of a ring forth.

Continuing on, you will walk in the townlands of Mountkelly. You have now reached the half way mark (2.5km) and can enjoy the view of the water pump and look across the Turlough before returning the same route back to the square in Glenamaddy.

Slán abhaile agus go n-éirí on bóther leat.

Glenamaddy Town Enhancement Committee.

The Irish Heart Foundation

The Irish Heart Foundation is the national charity fighting heart disease and stroke. We support, educate and train people to save lives, campaign for patients, promote positive health, support research and provide vital public information. We need your support, through donations, as a volunteer or on our training courses.

Slí na Sláinte

Slí na Sláinte stands for 'path to health'. Developed by the Irish Heart Foundation — the national heart and stroke charity — it's a sociable way to make walking far more enjoyable. Already, it's capturing the attention of young and old, not only in Ireland but in Europe and other parts of the world too! And no wonder, because it's a fun, healthy way for the average adult to accumulate the recommended minimum of thirty minutes of physical activity five days of the week. You'll find Slí na Sláinte walking routes all over Ireland. They are marked by bright colourful signposts which are not numbered and are situated at 1km intervals. Simply follow the km signs, set your pace to suit your enjoyment and you'll quickly feel better and get fitter. You will also experience a great sense of achievement.
